Derby City Council

# Age breakdown and trends: Care Home based customers

Number of Customers in Care Home Setting and age group, at end of each quarter, over time

## Key Trends

- Steady and significant decline in numbers of customers in care homes over past 3 plus years
- 28 per cent reduction in care home provisions for customers 65 and over since Q1 15/16
- Numbers of Younger Adults (18-64) largely consistent over past 3 years

Derby City Council

# Residential and Nursing Customers national and CIPFA benchmarking

Customers by Setting and Age Groups	Quarter	Derby (rate per 100,000)	CIPFA Group Avg (rate per 100,000)	CIPFA Group Rank (Highest - out of 16)	National Average (rate per 100,000)	National Rank (Highest out of 152)
Customers in Nursing 18-64	Q4 17/18	<b>28.91</b>	19.82	1	17.44	17
Customers in Residential 18-64	Q4 17/18	<b>99.57</b>	91.04	6	105.54	77
Customers in Nursing 65+	Q4 17/18	<b>575.64</b>	396.94	1	474.65	54
Customers in Residential 65+	Q4 17/18	<b>995.37</b>	1231.09	12	1010.22	70

- Derby has a higher uptake of Nursing Placements for customers in both 18-64 and 65 and over age groups, highest amongst our CIPFA comparator group for both age groups.
- There have been minimum decreases nationally for the 18-64 age group in Residential Care Homes since 2014-15. Local Derby rates reflects this trend.
- Derby's rate for the 65 and over age group in Nursing and Residential homes has decreased by 30 per cent in the past 4 years.
- Nationally and within our benchmarking group, decreases have been around 10-15 per cent.
- Derby has the 16<sup>th</sup> highest rate nationally for the 65 and over age group in Nursing Homes in 2014/15

Derby City Council

# Quality Issues and Actions

Current Issue affecting Quality	Resolution Steps
Below Average Safety and Well-led ratings for CQC inspections	<p><b>SQBT complete focused audit on these areas and make referrals to Environmental Health, Medication Optimisation in Care Homes Team, Health &amp; Safety, Derbyshire Fire and Rescue and Infection Control, updating CQC on developments</b></p> <p><b>Specialist Training promoted at engagement events, Service Quality and Brokerage disseminate good practice guidance and opportunities for development for example: Skills for Care, Delirium training, Infection Control, Dementia, Medication Training, Falls Prevention etc</b></p> <p><b>Increased visit frequencies to at Risk Providers to monitor improvements</b></p> <p><b>City and Region wide Multi agency meetings held in accordance with the Provider failure escalation policy</b></p> <p><b>Proactive / Preventative work</b></p> <ul style="list-style-type: none"> <li>• SQBT challenge providers in relation to their management structure and support systems</li> <li>• Thematic discussions at Quarterly Provider Forums</li> <li>• Scrutiny of inspections and audits to disseminate lessons learned across the sector to providers</li> <li>• Develop process to receive quality information and outcomes from service reviews</li> <li>• Brokerage to source placements rather than Social Workers, this will build up resilience with a few staff having specialist knowledge and ensure appropriate placements are made at all times</li> </ul>

# Quality Issues and Actions

Current Issue affecting Quality	Resolution Steps
<b>Recruitment and Retention of high quality staff</b> <b>(acute issues with Nurses currently) – increased expected demand in future with Elderly Population</b>	<p>Recruitment and Retention support provided to all providers.</p> <p>Links with Joined Up Careers for Providers to access Specialist Advice</p> <p>Links with Skills for Care for apprenticeships, and links with Universities to lobby and shape the future staff market.</p> <p>SQBT promote these links with Care Home Providers and monitor their engagement</p> <p>Annual consultation for a fair Financial uplift for the sector</p>
<b>Administrative Burdens</b>	<ul style="list-style-type: none"> <li>• Online Desktop Quality Assurance for providers</li> <li>• Possibility of passporting Quality Information from other established Quality Awards in the care sector into matrix assessment – reducing duplication</li> <li>• Risk based exception reporting for Medication – rather than every circumstance</li> <li>• Specific secure Provider access portals into our social care software</li> </ul>
<b>Organisational Safeguarding</b> <b>Volume of referrals</b>	<ul style="list-style-type: none"> <li>• SQBT respond appropriately to enquires</li> <li>• Undertake visits</li> <li>• Collate themes and trends</li> <li>• Work with providers to ensure lessons learned are implemented</li> </ul>

# Quality Improvement Actions

Commissioning 4 Change	Working in Partnership to improve care
<b>Provider engagement events</b> are arranged where we will be sharing the mechanism for the future procuring of Care Home services	<b>Care Quality Commission</b> – regular liaison, networking and information sharing meetings.
<b>New service specifications</b> are being designed to better meet the needs of our customers	<b>Clinical Commissioning Group</b> – Quality in Care meetings involving nursing and therapy input
Care Home providers will need to pass a <b>baseline criteria</b> before any future contracting and a quality assurance framework will be in place	<b>Derby Safeguarding Adults Board</b> – performance sub group Derbyshire information sharing meeting
<b>Systems are being developed for the assessment of Care Home services</b> to be passed into the Brokerage team to commission the most appropriate Care Home placements for customers	<b>Regional Quality Surveillance Group</b> with all NHS commissioners
Annual on-line self assessment <b>quality assurance</b> will be <b>mandatory</b>	<b>Quarterly consultation meetings</b> where all providers are invited to attend
This will feed into the <b>internal RAG rated quality assurance Matrix</b>	Additional partner meetings with Police and Fire & Rescue Service
This Matrix is being developed to <b>produce reports</b> that will determine thematic audits by the team <b>based on high risk/high cost placements</b>
