

AUDIT AND ACCOUNTS COMMITTEE

ANNUAL REPORT 2018/19

DRAFT

Introduction from the Chair of Audit & Accounts Committee

I am pleased to introduce this, the first annual report of the Council's Audit and Accounts Committee. I was appointed as Chair of the Committee in May 2018. I am keen that the role and profile of the Committee continues to grow.

The Committee's membership was enhanced in 2018/19 by the inclusion of two independent members.

This Annual Report helps to demonstrate to the City's residents and the Council's other stakeholders the vital role that is carried out by the Audit and Accounts Committee and the contribution that it makes to the Council's overall governance. The key activities of the Committee during the year are set out in the report. In summary we concentrated our work on

- Assessing whether the council has an adequate system of internal control to make sure it can meet its various financial and governance responsibilities, as well as deliver on its priorities
- Whether those systems of control are working effectively to mitigate risk.
- Seeking ongoing assurance from the Strategic Director of Corporate Resources, the Head of Internal Audit, Ernst Young (our External Auditor) and those Council officers requested to attend the Committee to discuss specific issues on which we require further understanding.

As a result of this work, we are able to provide the Council, with assurance around the effectiveness of internal control, risk management and governance arrangements.

The Committee has continued to adapt the way it works, and where it focusses its time, particularly around risk management and governance. Strong and effective control environment arrangements are an essential element of a robust corporate governance framework. The Audit and Accounts Committee has a leading role to play in ensuring that the Council's governance arrangements are effective and contribute to the mitigation of risks. As the Council's operating model changes we need to ensure that our work and the control systems it oversees, remain effective.

I would like to take this opportunity to thank the members of the Committee, the Strategic Director of Corporate Resources, the Head of Internal Audit, Democratic Services team and the representatives from our external auditors for their continuing support during the last year.

Councillor Stephen Willoughby
Chair of the Audit and Accounts Committee
June 2019

1. Introduction

The Audit and Accounts Committee was set up in September 2005. Its role is defined in its terms of reference, as laid out in the Council's constitution, as shown in Appendix 1. The areas covered within them are consistent with those identified as good practice by the Chartered Institute of Public Finance and Accountancy (CIPFA) in its document "Audit Committees: Practical Guidance for Local Authorities and Police" (2018).

This report informs Full Council of the Committee's activities during the Municipal Year 2018/19 and how it has discharged its responsibilities.

2. Information about the Committee

Audit Committee Membership

In the 2018/19 Municipal year the Committee had nine members, plus two independent members:

Councillor Stephen Willoughby – Chair (Conservative)
Councillor Joanna West - Deputy Chair (Labour)
Councillor Lucy Care (Liberal Democrat)
Councillor Rob Cooper – (Conservative)
Councillor Richard Hudson (Conservative) – replaced Councillor Adrian Pegg following June 2018 meeting
Councillor Fareed Hussain (Labour)
Councillor Nadine Peatfield (Labour)
Councillor Baggy Shanker (Labour)

Independent Members: Stuart Green, Philip Sunderland

Audit Committee Meetings and Attendance

The Committee had agreed to hold at least five meetings each year; and is required to meet at certain times to achieve a number of deadlines i.e. in July each year to review and approve the Annual Statement of Accounts and the Annual Governance Statement.

The schedule of Members attendances is shown in Table 1 below. Committee Members achieved an attendance rate of 80% (48 out of a possible 60) in the six meetings held in 2018/19.

Table 1: Attendance at Audit Committee Meetings

In line with good practice the Head of Internal Audit has attended all Audit and Accounts Committee meetings. and the Strategic Director of Corporate Resources has attended five of the six meetings. In addition other senior officers have attended where appropriate, or where they have been invited by the Committee, including the Chief Executive. The Cabinet Member for Financial Services and Procurement has also attended meetings of the Committee.

Training

As a Committee, we have recognised the importance of providing all members with appropriate training to allow them to effectively carrying out what can be a demanding and technical role.

In 2018/19, the Committee received specific training on fraud risk and on risk management. All members were provided with induction training on the role of the member of an Audit Committee prior to the June meeting.

In addition relevant national guidance is regularly shared with Committee Members by the Head of Internal Audit. These include Audit Committee Updates (CIPFA Better Governance Forum).

The Chair has also attended training courses/workshops run by CIPFA's Better Governance Forum.

The External Auditor also shared with the Committee their Local Government Audit Committee Briefings

3. How have we discharged our responsibilities

The way we have discharged our responsibilities in 2018/19 is described below:

Approve the Statement of accounts

- We approved the annual statements of accounts on behalf of the Council, and considered the external auditor's ISA 260 report. Where appropriate the Committee challenged officers and the external auditors on the content of the accounts.
- We reviewed the proposed accounting policies

Annual Governance Statement

- We reviewed the Annual Governance Statement, and recommended it to be signed on the Council's behalf by the Leader and the Chief Executive. We sought assurance that the Statement properly reflected all significant governance issues and clarification in relation to the areas identified in the statement.

Approve the Internal Audit Plan / Head of Internal Audit Annual Report and

Opinion

- We considered the Internal Audit Annual Report 2017/18; this included the Head of Internal Audit's Annual Opinion. This opinion is an important source of assurance to the Committee in relation to its responsibilities for governance, risk management, internal control.
- We received quarterly update reports from the Head of Internal Audit on the delivery of the annual internal audit plan. This also includes a summary of findings from audit reports, performance measures and progress made by management on the implementation of audit recommendations.
- We had sight of the Audit Charter for the Internal Audit Partnership and its Quality and Assurance Improvement (QAIP).
- We approved the 2019/20 Internal Audit Plan at the March 2019 meeting, and sought assurances that the content of the plan was sound and that internal audit had sufficient resources to deliver it.

Promoting a counter fraud culture

- We received regular update reports on counter fraud activities taking place within the Council. This included an update on the work of the Counter Fraud Team.

External Audit and other agencies

- We considered a report in relation to grant claims certified by external audit.
- Received the Annual Audit Letter (2017/18) from the Council's External Auditor (August 2018)
- Reviewed the External Audit Plan 2018/19

Risk Management

- We received quarterly monitoring reports on risk management which gave members the opportunity to provide challenge to officers on how risks were being managed. Risk management has previously been identified as an area for improvement by both External Audit and the Local Government Association as part of the Peer Review findings. Improvement in this area is a key action in the Council's Corporate Improvement Plan.
- We attend Risk Surgeries, which can be commissioned by the Audit and Accounts Committee to undertake a review of any specific risks on the strategic risk register. These surgeries promote a better understanding of risks and improve our challenge of strategic risk assessment and mitigation.

Annual work programme

- We have an annual work programme (see Appendix 2) which allows us to obtain a greater understanding of issues of strategic interest and areas that could impact on the governance of the Council. During 2018/19, as well as our core work areas, we received reports and sought assurance in the following areas:

- Waivers
- Information Security
- Corporate Improvement Plan
- Annual Report from the Monitoring Officer

Special Topics

- s24 Recommendation - Audit and Accounts Committee requested that Internal Audit provided assurance on the process of embedding the measures outlined in the s24 Recommendation action plan. We reviewed the findings from the internal audit review and sought assurances on progress with implementation of the actions.
- A52 Investigation – we had a workshop to discuss the findings from the investigation report and how they impacted on the governance of the Council.
- A Working group of Committee members was set up to review and amend the Committee Terms of Reference. These were approved by Committee on 7 November 2018.

Meetings with the Head of Internal Audit

- In between the formal Committee meetings the Head of Internal Audit has periodic informal meetings with the Chair and the Vice-Chair of the Committee to allow them to discuss emerging issues.

4. Audit Committee Self-Assessment

In February 2018 the Committee agreed that all members would complete a self-assessment questionnaire. This exercise meant we could identify areas of Committee activity which require improvement. An improvement plan was produced which the Committee monitored progress on during 2018/19.
