

## **Joined Up Care Derbyshire Update – Frailty Model**

### **Purpose**

- 1.1 This report outlines the Derbyshire Community Frailty Model including an overview of the Joined Up Care Derbyshire Frailty Summit held last year and subsequent work to progress the model.

### **Recommendations**

- 2.1 To note the progress made on frailty in Derbyshire.
- 2.2 To support the Derbyshire Frailty Model and a collaborative approach to deliver better outcomes for the local population.

### **Reasons**

- 3.1 Frailty has a significant impact on the health and wellbeing of many local people and also on the demand for health and social care services.
- 3.2 This work supports the Health and Wellbeing Board in its responsibility to improve the health and wellbeing of local people.

### **Supporting information**

- 4.1 Frailty is an increasingly significant issue in Derby and Derbyshire impacting on the health and wellbeing of people of all ages but most commonly older people.
- 4.2 In addition to the impact on individual health and wellbeing, frailty has an impact on the demand for health and social care.
- 4.3 For these reasons, developing an approach to frailty has been agreed as a priority within Joined Up Care Derbyshire.
- 4.4 Work has been undertaken to build relationships to further improve the quality of care for older people including those with frailty and multi-morbidity to develop a community frailty model.

- 4.5 A Frailty Summit was held in last year to bring together stakeholders from across the system to:
- Further develop the model;
  - Support the case for a collaborative approach to deliver better outcomes for the population;
  - Introduce the Derbyshire Community Frailty Model as an enabler of collaboration.
  - Identify next steps in delivering the Frailty Model's Vision.
- 4.6 Since the Summit, work has been ongoing to deliver the Frailty Model Vision.
