Refusal

CAAC were concerned about the dilution in quality (including materials) over previous permissions. Particular concerns were the wholesale replacement of the roof structure and the omission of the shopfronts to King Street. They commented on lack of clarification on extent of rendering/brickwork. CAAC felt that the quality was not commensurate with such an important gateway site, opposite a Grade 1 listed building and setting of Strutt's Park conservation area. They suggested that the applicant looked at and followed the design of the already consented scheme.
